The International Cane Spirits Tasting Competition is the only tasting event dedicated exclusively to Cane Spirits.

While there are other respected tasting competitions in the US and Europe, this is the only opportunity for each to be judged on their own merit and in classes recognized by the Cane Spirits Industry.

Judging took place in the historic district, **[Ybor City](#)**, in Tampa, Florida at 1410 N. 21st Street, former home of the Lozano Cigar Factor, currently the site of the Lion's Eye Institute, Transplant and Research Facility, on Thursday and Friday, March 23 & 24. Over 1600 samples of cane spirits

were served in four sessions with between 27 and 31 judges participating per session.

Cane spirits were judged for their aroma, initial taste, body and finish on a scale of 1-25 for each attribute. Judges then added their scores for these attributes and gave a final rating which was used to calculate the awards.
